Colorado Springs, CO 80908

12780 Milam Rd.

Replumb Specialties Inc.

About RSI

We hold both a business and master plumbers license in Colorado and Utah. Since 1992 we have met strict independent adjuster requirements for court mandated replacement of Polybutylene in over 4600 homes to date.

Replumbs are all we do. We do not run service trucks or engage in new construction. Nor do we use subcontractors. Our crews are prepared to complete the potable or heating replumb to state and local codes, and repair all tile, sheetrock, texture, trim and paint as outlined in our 'SCOPE OF WORK'. Restoration of water damaged areas can be amended to the 'SCOPE OF WORK' and handled at the same time.

We have also completed replumbs on HOTELS, APARTMENT COMPLEXES, HISTORICAL BUILDINGS, COMMERCIAL BUILDINGS, MANSIONS and MOBILE HOMES.

Touching on our trade secrets: The same crew that creates the penetration necessary to replace the pipe, is also THE SAME CREW that is responsible for returning that penetration to like new condition. The final product / timeline really sets our company apart. Our men take pride in the final product and have a large stake in the company success.

PLEASE FEEL FREE TO CONTACT US WITH QUESTIONS OR REFERRAL REQUESTS!

Sincerely, **THE TEAM @ RSI**
